Charlene Trading

US oils and fats, by tank truck and ISO tank

Family business based in Miami, in foreign trade since 2009.

Used cooking oil (UCO)

Frying oil collected from restaurants and food plants, then filtered to bring water and impurities down. Biodiesel and renewable diesel plants buy it.

Origin	**United States**
Delivery	**Tank truck · ISO tank**
Terms	**FOB · Delivered**

Crude degummed soybean oil

The most widely produced vegetable oil in the United States. Refiners and packers buy it, and so do biodiesel and renewable diesel plants.

Origin	**United States**
Delivery	**Tank truck · ISO tank**
Terms	**FOB · Delivered**

Distillers corn oil (DCO)

Ethanol plants extract it from the corn they process. Most of it goes to biodiesel and renewable diesel, and some to animal feed.

Origin	**United States**
Delivery	**Tank truck · ISO tank**
Terms	**FOB · Delivered**

Other oils and fats

Canola, tallow, yellow grease and refined oils. Tell us what you need, how much and where, and we will source it.

Origin	**United States**
Delivery	**Tank truck · ISO tank**
Terms	**FOB · Delivered**

How we close every trade

- Standard contract with the AFOA Trade Rules
- Every load with its BOL, analysis and origin documents
- Independent laboratory chosen by both parties
- Cash against documents
